Titan Intech Limited

Investor's Insights – September 2025 Edition

Dear Esteemed Shareholder,

Welcome to this 28th edition of *Investor Insights*—your exclusive update on Titan Intech's progress, milestones, and growth initiatives. As we look ahead, we see immense opportunity not only in our company's trajectory but also in India's rapidly expanding semiconductor and electronics manufacturing ecosystem.

September 2025 Highlights

Titan Intech proudly stands at the forefront of India's Make in India electronics and display manufacturing revolution. Over the past months, we have sharpened execution, expanded our portfolio, and further strengthened our financial position. With your trust and support, we are steadily building Titan Intech into a global force in the display industry.

Key Highlights

Equity Stock Split – Broader Participation

We successfully completed a 10:1 equity stock split, issuing 10 shares for every 1 share held. This strategic step has:

• Expanded retail investor participation

• Enhanced liquidity and market depth

• Reinforced investor confidence with strong post-split performance

Rights Issue of ₹49.5 Crores – Fueling Growth

We have filed with BSE for in-principle approval of a ₹49.5 Cr Rights Issue, with proceeds to be deployed towards:

• Strengthening working capital

• Accelerating TitanView's scale-up in India

• Enhancing financial flexibility

• Capturing growth in India's fast-expanding electronics sector

Strong Credit Standing – Acuité Rating

Acuité Ratings & Research has assigned a Stable Outlook to Titan Intech's proposed ₹50 Cr NCDs, reflecting:

• An experienced leadership team with 35+ years of industry expertise

• Robust financial strength: Net worth of ₹88.68 Cr, minimal gearing (0.03x), strong coverage ratios

• Adequate liquidity supported by consistent positive cash accruals

This rating underscores Titan Intech's financial discipline, bolsters credibility, and strengthens our fundraising roadmap.

TitanView – Expanding Portfolio & Market Reach

Our flagship TitanView brand is scaling rapidly with a diverse portfolio:

• Interactive Flat Panel Displays (IFPDs)

• High-Resolution Active LED Displays

• Next-Generation MicroLED Displays – a breakthrough Make in India innovation

To bring TitanView closer to customers, Experience Centers are being established:

• Noida (Sector 63): Premises finalized

• Mumbai & Bangalore: In advanced evaluation stages

• Hyderabad: Recently upgraded with our latest TitanView offerings

These hubs will showcase immersive demonstrations, provide enterprise training, and foster strong partner collaboration.

Growth Outlook – Raising ₹50 Cr for the Next Phase

Titan Intech is raising ₹50 Crores to:

• Scale production of Made in India display solutions

• Invest in advanced MicroLED R&D

• Expand nationwide sales and service networks

• Strengthen the balance sheet for sustainable growth

Commitment to Make in India & Investor Value

At Titan Intech, we are not just manufacturing displays — we are shaping India's future in display technology. By aligning with the Make in India mission, we aim to deliver world-class competitiveness while consistently creating long-term investor value.

Your trust remains our greatest strength. Together, we are building a company with the technology, scale, and vision to transform India into a global hub for advanced display solutions.

With gratitude and confidence, Titan Intech Ltd. – Leadership Team

Strategic Expansion & New Initiatives

To accelerate innovation and global growth, Titan Intech is pursuing several strategic initiatives:

- Building a new sourcing and technology development team with strong focus on cost-effective, low-power customization.

- Expanding a robust technical team in India to drive product innovation and world-class execution.

- Engaging an international consulting team with deep R&D and marketing expertise from Korea, China, Hong Kong, and Malaysia.

- Inducting foreign directors with over two decades of proven expertise in the display and electronics sector.

- Establishing Hong Kong operations to support international growth, while retaining India as the primary hub for innovation, manufacturing, and market leadership.

A Note of Thanks

Together, we are building not just a company, but a key pillar in India's technology growth story.

Warm regards,
Sd/-
