

Titan Intech Limited

Investor Update September 2026

Dear Esteemed Shareholder,

Warm greetings from Titan Intech Limited.

August 2026 marked another period of disciplined execution across our key growth pillars. As we step into September, we are excited to share major operational advancements regarding our Government e-Marketplace (GeM) accreditation pathway and our upcoming brand showcase at InfoComm India 2026, reinforcing our transition into a high-value, technology-led display and electronics manufacturing enterprise.

This Month at a Glance

- GeM Desktop Assessment Resolution:** All clarifying queries regarding company background and Cherlapally facility details successfully addressed; Video Assessment slated for early September.
- InfoComm India 2026 Showcase:** UltraLED Displays to showcase cutting-edge Pro AV solutions at Booth TH01, Jasmine Hall, Jio World Convention Centre, Mumbai.
- Channel Ecosystem Synergy:** Two key ULTRA NEXUS strategic distributors participating alongside Titan Intech leadership, sales, and technical teams to drive high-ticket enterprise conversion.
- Sustained Regulatory & Manufacturing Progress:** Cherlapally facility operational readiness and RDSO evaluation pipeline proceeding in lockstep.

GeM Assessment Update: Desktop Queries Resolved, Video Assessment Imminent

Building upon our regulatory compliance roadmap for public sector procurement, we have achieved a major milestone on the Government e-Marketplace (GeM) platform.

- Completed Stage — Desktop Assessment Query Resolution:** Successfully addressed and cleared all technical and corporate documentation queries raised by GeM portal assessors.
- Next Immediate Step — Video Assessment (Scheduled for First Week of September 2026):** Final stage involving a live virtual inspection of the Cherlapally facility, evaluating operational assembly lines, testing equipment, and quality control systems.

Successful completion of the upcoming Video Assessment will finalize our OEM listing on the GeM portal, enabling direct procurement of our 91 BIS-certified UltraLED display models across government departments, PSUs, defense, and educational institutions nationwide without prolonged tender cycles.

UltraLED Displays Showcase at InfoComm India 2026

We are pleased to announce UltraLED's participation in InfoComm India 2026, where we will showcase a comprehensive portfolio of LED display and AV solutions designed for today's most demanding visual communication environments.

From Ultra Shield and Ultra Shield MiP for mission-critical applications, to Ultra Edge for versatile indoor installations, Ultra Blaze for high-impact outdoor communication, Ultra Aura for immersive visual experiences, Ultra AirView for creative transparent displays, and Ultra Engage for smarter collaboration spaces. We are excited to inform you that we will also be launching AV portfolio to evolve into provider of as complete solution engineered to help organizations communicate, engage, and perform better.

Beyond showcasing our latest innovations, InfoComm India 2026 represents an important strategic milestone for UltraLED. As India's visual communication industry continues to evolve, the event provides an opportunity to strengthen our market presence, engage with industry stakeholders, expand business opportunities, and reinforce our commitment to building a future-ready visual communication ecosystem. We believe these initiatives will support sustainable growth and create long-term value for our customers, partners, and shareholders.

Meet us from 16–18 September 2026 at Booth TH01 | Jasmine Hall, Jio World Convention Centre, Mumbai

India's Display Revolution Begins Here.

Event Details	Participation Highlights
Exhibition Location	Booth TH01, Jasmine Hall, Jio World Convention Centre, Mumbai, Maharashtra
Leadership & Technical Presence	Titan Intech's executive leadership, regional sales teams, and senior technical engineers will be present on-site to conduct live product demonstrations and lead strategic discussions.
Distributor Ecosystem Collaboration	Two key strategic distribution partners under the ULTRA NEXUS network will participate alongside Titan Intech, co-exhibiting integrated UltraLED solutions to expand enterprise and institutional outreach.
Product Suite on Display	Showcasing high-density LED displays, smart classroom solutions, corporate video conferencing hardware, and OEM/ODM capabilities leveraged from our Cherlapally manufacturing hub.

Commercial Synergies & GTM Integration

Participating in InfoComm India 2026 alongside our ULTRA NEXUS distribution partners (GSPL, TISPL, and EIS Techinfra Solutions) accelerates our asset-light B2B market expansion. Combined with our fully

operational Cherlapally central facility, upcoming GeM portal clearance, and advancing RDSO evaluations for Railway IPIS displays, Titan Intech is successfully positioning its localized, high-margin product suite across both public sector and corporate AV markets.

Looking Ahead

- **GeM Video Assessment Execution:**
Complete the final virtual facility audit scheduled for the first week of September 2026
- **InfoComm India 2026 Trade Event:**
Execute high-impact customer engagements and partner meetings at Booth TH01, Jio World Convention Centre, Mumbai.
- **RDSO Approval Pathway:**
Continue technical coordination with RDSO review teams for plant inspection and PIS display type-approval.
- **ULTRA NEXUS Channel Scaling:**
Leverage InfoComm leads to drive channel conversions across South, West, and East India.

We remain committed to creating sustainable shareholder value through operational excellence, strategic brand positioning, and disciplined execution. Thank you for your continued confidence in Titan Intech's transformation journey.

Warm regards,
Management Team
